Subject: Three Springs Open Space

Kevin

Thank you for helping Three Springs secure the recommendation from the Natural lands Preservation Advisory Board for the exchange of 3.1 acres previously dedicated open space for a similar future phase dedication of open space within Three Springs. Since that presentation to the NLPAB, Three Springs has been able to identify an open space parcel within Village 1 Filing 4 that we would like the NLAPB to consider as a parcel that would satisfy as an exchange parcel. When would you be available to discuss this possible exchange parcel?
Thanks
