Hi Laurie and Nathan,

I am pleased to let you know that Local News Network has been awarded the Creative Business Consulting RFP for 2025.

The only area that will need to be addressed that was not outlined in the proposal is how the program's success will be measured and reported in 2025. If that can be shared prior to the start of the program, that would be ideal.

Award notifications will be sent out to applicants on Wednesday, March 5th and our cohort gathering of award recipients will be scheduled shortly thereafter. I will make sure you both are invited to the cohort gathering.

Thank you both and I look forward to working with you again in 2025.
